Re-reading Tad Williams' Memory, Sorrow And Thorn

Synopsis

Tad Williams' *Memory, Sorrow and Thorn* is the fantasy series cited as a major influencer of George R. R. Martin, Christopher Paolini, Patrick Rothfuss and many others. With the publication of *The Last King of Osten Ard*, the new series set in the same world, readers of the original series may need a re-read or a refresher. This eBook goes through each chapter in all three massive books, and includes additional chapters on the series place in fantasy genre history, the three great swords, conjecture on the new *Last King* series (and the additional new books set in Osten Ard) and a list of additional resources for information about this deep and expanding place. Get ready for *The Heart of What Was Lost* (which takes place immediately after the end of *To Green Angel Tower*) and *The Witchwood Crown* (occurring 30 years after *To Green Angel Tower*) with Larry Ketchersid's thorough and sometimes humorous re-read notes. Many thanks to Deborah Beale and Tad Williams for their support on this project.

Customer Reviews

Although I definitely appreciate the review, many of Mr. Ketchersid's asides were groan-inducing. Like having to take your little brother to a party, and hear him expound on his butterfly collection. You don't hate him for it, you just wish he'd stop.

I liked this book because of the commentary of the author on each chapter. I loved memory, sorrow, and thorn the first time around, but I enjoyed this re-read also.
