Outlander 1. Forastera (Spanish Edition)

Synopsis

Recien acabada la Segunda Guerra Mundial, una joven pareja se reune por fin para pasar sus vacaciones en Escocia. Una tarde, cuando pasea sola por la pradera, Claire se acerca a un circulo de piedras antiquisimas y cae de pronto en un extraño trance. Al volver en si se encuentra con un panorama desconcertante: el mundo moderno ha desaparecido, ahora la rodea la Escocia de 1743, con sus clanes beligerantes y supersticiosos, hombres y mujeres rudos, a veces violentos, pero con una capacidad de vivir y de amar como Claire jamas habia experimentado en su anterior vida. Acosada por los recuerdos, Claire tendra que elegir entre la seguridad del futuro que ha dejado atras y la apasionante incertidumbre del pasado que ahora habita. / Scottish Highlands, 1945. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Suddenly she is a Sassenach -an outlander- in a Scotland torn by war and raiding clans in the year of Our Lord... 1743.

Book Information

Series: Outlander

Paperback: 768 pages

Publisher: Salamandra; Tra edition (November 30, 2015)

Customer Reviews

"Outlander" is the first Gabaldon's book I ever read and it won't be the last to be sure!"Forastera" is the translation into Spanish of this wonderful story. By the time being is out of press, I hope it will be reedited soon.Following hints from different Reviewers I decided to give this story a try as it combine two of my favorite themes: time travel and historical novel.The time travel scheme is more

an excuse to allow a modern glance to a historical period, registering and comparing situations with critical (and amusing) sight. As historical novel it is terrific: full of every day life details, accurate background and period reconstruction. The story is great. Starts in 1945 in Scotland, where a recently released nurse from WWII hospitals is taking a short vacation with her husband (a sort of second honeymoon) before settling again in civil life. A combination of strange circumstances launches Clare into 18th century thru a (magic?) gap in a stone circle. To her shock and amazement soldiers armed with muskets show up pursuing a bunch of highlanders. She is suddenly immersed in a whirlwind of action. When she realizes she actually IS in 1700 something it is too late. She is in the hands of chivalrous but suspicious Scots and forced to "rest" at Mackenzie's castle. Thanks to her medical abilities she attains some respectful position but a combination of events put her (and the joyful reader) again in the path of ceaseless adventures. This is a book full of romance and cloak & sword adventure. Nevertheless there is some space to allow deep meditation on transcendent issues. Keep in mind that is the first volume of a series and you will be hooked to read them all!
