Customer Reviews

I was so excited to read this book and I can say that I loved it beyond measure. Even though I love all of the couples in the Devils Knights Series Meg and Lo are my favorite couple and I could not wait to see them get married. Meg and Lo are perfect together even if she at times goes into her wacky head and needs Lo to remind her. This book is hysterical in parts, has hot alpha males, feisty strong females and together it makes for a thoroughly enjoyable read. There is a reason that this series is one of my favorites of all time and that is because Winter Travers tells great stories through

wonderful couples. Meg and Lo will always be my favorite couple I am sure, but as happens with each of the books in the series I continue to enjoy and get excited about reading each one. If you have not read the first book in the series Loving Lo then you will need to get and read that book first as that is the story of how Meg and Lo got together. I recommend if you are able to get each book in the series that you do so because while each couple has a standalone HEA there are aspects and storylines that run through each book. I also recommend that you do so because the books are fantastic and Keeping Meg is no exception. If you have at least read Loving Lo then One-click Keeping Meg today as it is your invitation to the wedding of Meg and Lo. Believe me when I say you will be happy you decided to become a guest.

Yes! I knew it would be great because it's Lo and Meg!!!! I love them so much. Lo is a sexy as hell hunk of love and Meg is crazy as all come, she cracks me up with the stuff that pops out of her mouth! "Thwack! The fan blade smacked me upside the head and knocked me back down on the bed. I fell on top of Lo, holding the side of my head, "Man down, man down" Meg makes me laugh so much! I love how Lo loves Meg. They are so perfect together. Meg still is second guessing herself when it comes to marrying Lo. Will Meg ruin the best thing to happen to her and run? Will she go through with the wedding? You'll just have to buy the book and find out. You won't be disappointed.

It never ceases to amaze me how this author can keep you so intrigued and wrapped up in these series and make you fall in love even more with the next character your introduced too!! Each one of these books in the series are intertwined to where you still hear and see so much of the other characters you have already grown to love so much which is wicked awesome, that way you can still keep up on their lives and know what's going on with them also. This whole series is a must read!!!!

It must of been Good Cause I couldn't put it down loved hearing about the antics of Meg ... knowing there'd be a HEA love this series.. the whole lot of them .. but I have to say that very last page ... when Paige fell over at the bar tripping over Demons legs & when they both looked up recognising each other ... Now I'm Excited!! Can't wait for this book ... :-)

Lo and Meg are planning the biggest event in their lives. As they get everything situated for the wedding Lo is dealing with club business and keeping secrets from Meg. Meg doesn't like the fact

that Lo is being secretive and she wants to know what is going on. Will Lo's secrets keep Meg from marrying him or will they get through it and walk down the aisle.

Meg and Lo are my favorite. Keeping Meg made me laugh, made me sad, and made me want to throw my kindle. Great storyline and balance between drama and romance. Get some tissues ready. Meg always makes me laugh until I cry. Can't wait until the next one.

Another good book, this one was more of a catch up with all the previous books and characters. Was a great way of seeing how they were all doing. Looking forward to more books by this author and in this series

Winter...I may have to come stalk you in Madison in August! I just love your books and your writing is impeccable. Keeping Meg...what can I say? I love that you took us through the minds and emotions of Lo and Meg and the preparation of their big day! I am thoroughly happy that Meg got out of head and realized the one person who makes her complete is Lo. I think I would've hurt you if they ended up not getting married!!! Thank you for a wonderfully written book and I am looking forward to the rest of the year.
