Synopsis

Helps students become better speakers in their classrooms, workplaces, and communities This top-selling, comprehensive introductory public speaking title highlights and develops the theme of "Finding Your Voice." It helps students develop as speakers and as people, as they gain presentation skills and confidence, discover causes that interest and engage them, and give them a sense of purpose. This theme reinforces the book's primary goal of helping students to become better communicators in their classrooms, workplaces and communities.

MyCommunicationLab is an integral part of the Osborn/Osborn/Osborn/Turner program.

MediaShare allows students to post speeches and share them with classmates and instructors.

Interactive videos provide students with the opportunity to watch and evaluate sample speeches.

Online self-assessments and pre- and post-tests help students assess their comfort level with public speaking and their knowledge of the material. **ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Customer Reviews

Got it because I had to for class (Com230). It's an okay book I guess but I think it's overpriced for such a introductory book.

Renting is way better than buying. Book helped me score an "A" in speech class.

It met my expectations being that I will only use it for this semester

Great condition, and at a good price.

The information I have learned in this book has already helped me so much. I would refer this book to anyone needing some guidance with public speaking and presentation aids

The price was good for this book.

Great product

Delivered on schedule and was exactly as described.
