Best Sellers Rank: #91,493 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #18 in Kindle Store > Kindle eBooks > Reference > Genealogy #44 in Books > Reference > Genealogy

Customer Reviews

This is a reference for publications on file in the Library of Congress. I gave a rating of a 3 because it is difficult to use as a Kindle format. Hard copy would be better.

To difficult to find family names on Kindle. Can't copy resources on it.

A really hard read; like the phone book, but the facts are interesting

I gave this book four stars because if it is what you need its probably worth five stars. I'm not sure what I was expecting but this book didn't have anything for me. It is exactly what the title says. It is a list of the genealogies found in the Library of Congress and that is all it is, a list.

All this provides is a catalog listing of surnames/genealogies. I did not find it useful. Perhaps one could obtain instructions for following the reference numbers associated with entry to the actual genealogy/family history documents that are referenced.

Digital Editing is awful. Get it from the Library of Congress instead.

Interesting! Helps in understanding background of American families.

These books are facts, facts and more facts.
