Customer Reviews

I felt there were a few repeated questions, and there were a few minor typos. Overall, seems like a good study tool. I feel like I can review this again later after reviewing questions I didn't know the first time. I have not taken my cert test yet.

Great review question. Easy to follow and understand. Rationales provided with good feedback. Looking forward to the next chapter s

Good questions for capa/cpan tests

It is a good review
